

Where are the trial locations?

People often feel very connected to their community, so the Aged Care Navigators Trial locations will be delivered by local people and organisations in places that are familiar to them. There are trial locations in every State and Territory in Australia, though they are not in every town. The trials will be spread across a range of locations, including metropolitan, regional and rural/remote. To find out what's happening in your local area, please visit www.AgedCareNavigators.org.au

How do I access the services?

Each trial location is different and is set up to meet the needs of their particular community. They all offer consistent information about how to access aged care supports and have people who understand aged care at both a local and national level.
